IN UNITED GAS CASE**

King Undertakes to "Smoke Out" Daugherty on Halted Indictments.

WASHINGTON, May 9.—Action was taken late yesterday to smoke out the Department of Justice regarding the alleged staying of indictments found against the United Gas and Improvement Company in New York recently. One feature of a resolution introduced by Senator King (Dem., Utah) is aimed at this matter, although no names are specifically mentioned.

In his resolution, which calls for detailed data regarding the enforcement of the Sherman and Clayton acts, occurs this paragraph:

"Why the prosecution of a certain indictment recently found in New York for the violation of the anti-trust laws has been stayed; and whether the District Attorneys of the United States are required to obtain the consent of the Attorney General before bringing suits and instituting proceedings for violation of said acts."

Attorney General Daugherty announced in issuing his order holding up civil and criminal action against the United Gas and Improvement Company that he moved in the interest of fairness.

The resolution presented by Senator King is intended to bring forth a complete statement regarding past and present proceedings under the anti-trust acts, and especially during the administration of Attorney General Daugherty, to whom the resolution is directed.

**CALLS ON STONEHAM
TO GIVE BACK STOCK**

Illinois Man Says It Was Transferred to Dier Without His Consent.

As counsel for a group of E. D. Dier & Co. creditors, Daniel W. Blumenthal served a formal demand yesterday, he announced, on Charles A. Stoneham for return to F. R. Wilson of McLeansboro, Ill., of 800 shares of Studebaker stock. Wilson contends that without his consent the part owner of the Giants in March, 1921, transferred his brokerage account to the Dier firm, resulting in the loss of the stock when Dier failed.

Mr. Blumenthal estimated his client was entitled to recover \$45,642 on the transaction. He asserted that, although Stoneham had the written consent of the majority of his own customers to transfer their accounts to Dier, Wilson refused to consent and asked for his stock, but that it was never returned to him.

**BOY SERIOUSLY INJURED
AT PLAY BY CARTRIDGE.**

Youngster Suffers Skull Fracture When He Hits Shell With Stone.

A peculiar accident resulted in a fracture of the skull of Louis Cosalzo, ten, No. 39 Burnside Avenue, Cranford, N. J., late yesterday. The boy was playing in the street with a cartridge which he had found, his playmates said. He put it on a stone, they said, and hit it with another stone. The cartridge exploded and he fell.

Whether the skull fracture was caused by the bullet or by the fall doctors are unable to say. The boy's condition was reported as critical to-day at Elizabeth General Hospital.
